Dear Sponsor,

**RE: Amazing Grace Children's Home – financial support**

The board at Amazing Grace Children's Home (AGCH) are working with Ms. Grace Mashaba, founder and mother, to uplift the children and staff of the two orphanages.

The Eikenhof and Malalane shelters jointly provide homes for about 125 children. We also have 22 staff fulfilling various duties such as cooking, cleaning, child care, social work, laundry, garden work and more.

These children come to Amazing Grace via the South African Police, Social Workers, Court Orders and from the streets or deserted homes. Almost all of the kids are from abusive backgrounds including aids orphans, HIV positive, human child trafficking or abandoned on the streets.

Our core priority is to rehabilitate the children and mothers who arrive at the home. We are dedicated to not just provide an environment where they merely exist from day to day, but to successfully reintroduce them into the society in order for these children and parents to be self-sustainable.

These AGCH projects have been running for almost 30 years and require significant financial commitment as well as access to various resources.

We are in the process to apply for government funding, but are mostly reliant on funding from individuals and the private sector. Companies directly benefit from BEE points as we are a registered NPO (005-937-NPO).

The board and financial committee ensure that all donations and BEE contributions are well governed through independent bookkeepers and auditors (financials available).

In advance we want to thank you for your support towards the Amazing Grace Children's Home – once off or on a continued basis. We included our contact and banking details below.

Yours truly

Lewis Taljaard  
Treasurer
